

# Best Ever No-Cook Play Dough Recipe

## What You Will Need:

1 cup of plain flour (additional 1/2 cup for consistency)  
1/4 cup of salt  
10g cream of tartar  
1 tablespoon of coconut oil  
1/2 cup of boiled water  
food colouring if desired (I use Sugarflair)

## Method:

1. mix the flour, salt and cream of tartar
2. I like to warm the coconut oil in my hands to remove any lumps but not essential! Add coconut oil to the bowl of dry ingredients
3. Pour out the pre-boiled water.  
If using food colouring mix in your desired amount into the boiled water to create an even spread of colour. When using Sugarflair, a pea-sized lump is plenty for a lovely vibrant colour!
4. Bit by bit add it to the mixture. Keep mixing until it creates a nice play dough consistency.  
If a little oily, sprinkle in a little flour in a bit at a time until you reach your desired texture.

Once made store in an air tight container.
